Summary

Accomplished design professional with over 17 years diverse experience in traditional design, product development, and online media. Enthusiastic and reliable team member skilled at determining client needs, evaluating potential solutions, and delivering exceptional design results.

Employment History

Expedia, Inc., Bellevue, WA | 05.08 - 07.11

Expedia, Inc., the world leader in online travel, provides consumers with the tools and information necessary to research, plan, book, and experience travel. Responsibilities include leading large design projects from concept to finish, collaboration with copywriters and technical teams to identify solutions which achieve project objectives, and ability to provide input and direction to other designers for consistency and improved quality.

VeriSign, Inc., Seattle, WA | 08.04 - 02.07

VeriSign, a leading provider of intelligent infrastructure services for businesses and consumers, enables billions of daily transactions across secure global networks. Responsibilities included managing the design process for upgrading clients to current versions of VeriSign applications, designing product brochures and other marketing materials, and creating functional prototypes of Web-based analytic applications.

FILTER/TALENT Seattle, WA | 07.98 - 07.04

FILTER is a creative staffing agency that matches qualified talent to their corporate clientele for temporary, contract, and direct-hire opportunities. Contracted with various Microsoft groups such as MSN Autos, Encarta, and MSNBC.com. Assignments involved daily image production and optimization, ongoing maintenance of Web features, and creation of prototypes for consumer usability testing.

Starwave Corporation, Bellevue, WA | 10.94 - 03.98

Starwave Corporation, a pioneer in new media, produced original CD-ROM titles and developed a variety of Web content sites. Specialized in image manipulation and color correction of various source materials, bringing visual consistency to multimedia CD-ROMs such as Eastwood and Peter Gabriel's EVE. Developed production and layout skills as Web Designer on Starwave's Family Planet and ABCNews.com sites.
